

**GLOBAL
SUPPLIER**

Global Supplies

Global Supplies is a leading provider of refurbished Thermo Fisher Scientific mass spectrometers and comprehensive worldwide service. We empower laboratories with cost-effective, high-performance analytical solutions.

Agenda

- Introduction to Global Supplies
- Our Vision & Mission
- Specialized Services
- AI-Powered Diagnostics
- Product Offerings
- The Refurbishment Process
- Global Reach & Support
- Why Choose Us?
- Key Takeaways & Next Steps

Our Vision & Mission

Vision

Global leader in analytical instrument servicing, combining expert human knowledge with AI-powered diagnostics for extended equipment life.

Mission

Deliver world-class refurbishment and repair for Thermo Fisher Scientific mass spectrometers, using AI for streamlined fault detection and proactive support.

Specialized Services

Refurbishment & Sales

High-quality refurbished Thermo Fisher Scientific mass spectrometers.

Worldwide Service & Repair

Expert support for Ion Trap MS, Quadrupole MS, and High-Resolution GC-MS systems.

Pump Repair

Specialized repair for roughing and turbo molecular pumps.

AI-Powered Diagnostics

Revolutionizing fault detection and service precision.

Streamlined Fault Detection

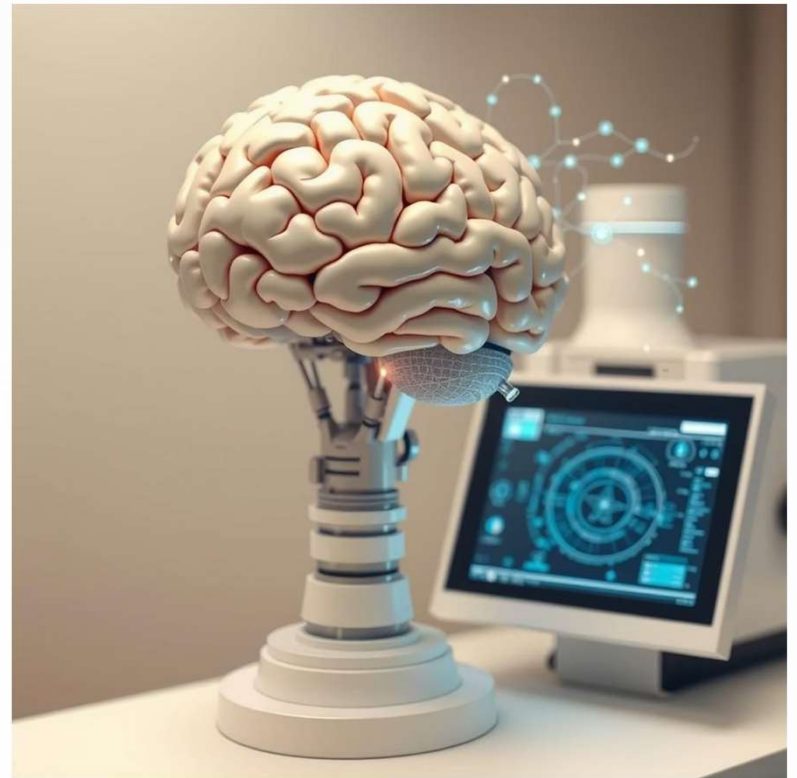

AI algorithms quickly pinpoint issues, reducing diagnostic time.

Enhanced Service Precision

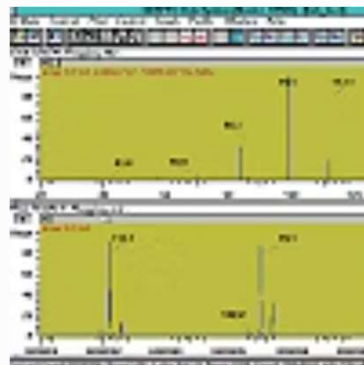

Predictive analytics ensure accurate repairs and proactive maintenance.

Optimized Performance

AI insights lead to improved instrument longevity and efficiency.

Comprehensive Product Offerings

From peripheral instruments to spare parts, we provide everything your lab needs.

The Refurbishment Process

Acquisition & Assessment

Careful selection and detailed inspection of instruments.

Rigorous Testing

Extensive testing to ensure peak performance and reliability.

Precision Refurbishment

Disassembly, cleaning, component replacement, and reassembly.

Quality Certification

Instruments certified to meet or exceed original manufacturer specifications.

Why Choose Global Supplies?

Expertise

Decades of experience in mass spectrometry service and repair.

Innovation

Leveraging AI for smarter, more efficient diagnostics.

Cost-Effectiveness

High-performance solutions at a fraction of the new equipment cost.

Global Reach

Worldwide service and support for laboratories everywhere.

Reliability

Certified refurbished instruments and guaranteed repairs.

Sustainability

Extending instrument life, reducing electronic waste.

Key Takeaways & Next Steps

Key Takeaways

- Leaders in mass spectrometer refurbishment & service.
- AI-driven diagnostics for precision and efficiency.
- Global support for all your lab needs.

Next Steps

- Visit our website for detailed product catalog.
- Contact us for a personalized service quote.
- Schedule a consultation with our technical experts.

Thank you!
